MAY, 2011  
FISHING AT CALABASAS LAKE

This notice is sent to you as a reminder to request your CPHA fishing permit before May 31, 2011. If you already have your new yellow permit (4/1/11-3/31/12) be sure to carry it with you when you are on the lake as the Security Guards are required to ask you for it.

If you have not yet requested your fishing permit, please contact Jennifer Herzig at the management office at (818) 225-9191, extension 107 or [jennifer@rossmorganco.com](mailto:jennifer@rossmorganco.com).

Your CPHA Board would like to remind you that fishing at our lake is a privilege and a benefit for all licensed members and their designated guests. Unfortunately, in the past, this privilege has been abused by some individuals (perhaps not even members). In any case our security patrol has been asked to be even more diligent to insure that all the rules are followed including:

- Only one hour before sunset & one hour after sunset
- Catch and release is mandated
- No live bait is to be used
- Barbs on hooks must be pinched down to fish barbless

*(please refer to complete rules provided with your fishing permit).*

THANK YOU FOR HELPING US TO KEEP  
CALABASAS LAKE  
HEALTHY AND BEAUTIFUL!
