STAR 
ELECTRIC Lic. # 484790

August 24, 2009

Dear Lake Calababas Homeowners,

As most of you are aware by now, we have been diligently at work preparing for the delivery and installation of the new lighting fixtures for the Calababas lake community.

We wanted to thank you for your patience in regard to this matter and we know that the end result will be one in which you will be proud.

To help accommodate you, and our construction team, we wanted you to be aware of some specific areas in which we will be working in the next several weeks to come.

Specifically, we will be moving equipment and machinery along the lake side paths of:

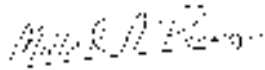

PARK SERENA
PARK ALLEGRA
PARK VERONA
PARK CORDERO
PARK CONTESSA
PARK LIVORNO

Because of our concentrated efforts in these locations, once in while, over the next several weeks, entry into some of these lake side paths will be temporarily closed off for equipment and construction crews. We will clearly mark off the paths that require your courteous assistance and understanding. We will have signs and/or caution tape marking the specific areas in such cases!

We are kindly asking for you help and understanding for the next few weeks as we progress along these particular locations.

If you have any questions or concerns in regard to this matter, please direct your inquiries to the Lake Calababas HOA.

Cordially,

Michael A. Percy
